

AI LITERACY RESOURCES

CURATED CURRICULA · PROFESSIONAL DEVELOPMENT · CLASSROOM-READY MATERIALS

QUICK START GUIDE

- 1 Need a conceptual framework → [AI4K12](#)
- 2 Want ready-to-teach lessons → [MIT Day of AI](#)
- 3 Lack devices → [AI Unplugged](#)
- 4 School has no AI policy → [TeachAI toolkit](#)
- 5 Want to build confidence → [Khan Academy / Day of AI PD](#)

TEACHING TOOLS

PROFESSIONAL DEVELOPMENT

[TeachAI — AI Guidance for Schools Toolkit](#)

POLICY & GOVERNANCE

Covers age restrictions, equity, privacy, and governance. Start here if your school doesn't have an AI policy yet.

[Day of AI Educator PD](#)

FREE

Focused on generative AI in educator workflows and classroom integration. Good for building confidence before teaching it.

[Khan Academy — AI for Education](#)

GOOD ON-RAMP

Educator-friendly intro to generative AI, with AI resources built into the platform.

CURRICULA 9–12

[AI4K12 Initiative](#)

CONCEPTUAL BACKBONE

The Five Big Ideas framework plus curated activity guides. Not a standalone course, but the best conceptual spine available.

[Day of AI by MIT RAISE](#)

CROSS-CURRICULAR UNITS

Free, designed for K–12, teacher-friendly. Align to local policy and assessment.

[AI Unplugged](#)

LOW-TECH / NO DEVICES

Downloadable, no devices required. Pair with real-world connections so students see why it matters.

For broader context on AI literacy as a global education competency, read the OECD's work on AI and the future of skills.
